

SPARKLINE CONSULTING

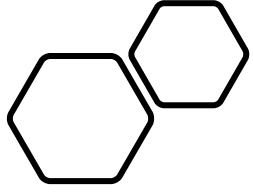

Profile summary

Sparkline Consulting is a financial consulting business founded with the aim to support Small and Medium Enterprises in maximizing their business potential through the leverage of various business advisory support services that we offer. We are a team of experts with a wide range of business advisory skills in both commerce and industry. Our areas of specialty include tax advisory, financial, and business advisory. With a diligent approach and a detailed understanding of business processes, we are able to offer our clients the much-needed business support that they require. Our core is the intersection point between, finance, tax, and business technology. We are incisive, inclusive, and intelligently analytical.

Our Mission

To be an excellent business advisory provider to diverse business enterprises by helping them maximize their business potential through financial data analysis, regulatory compliance advisory, and improved business process.

Our Vision

- To provide precise and intelligent business advisory services that suits the client's business needs.
